## Lincoln Parents’ Center

**FREE**

BABY TALK PROGRAM

**Are you an expecting mom or  
parent to children ages 0-3?**

Our goal is to support parents in the journey of raising their children- partnership, not advice giving.

Our vision is that all children will learn, grow, and develop to realize their full potential.

*Raising children is the most important job in a parent’s life, because YOU are your child’s first and most influential teacher!*

**Would you be interested in having some extra support during these important early years of your child’s life?**

For more information about enrolling in the program, call the Lincoln Parents’ Center. We look forward to meeting and working with you and your family during these important years of your child’s development!!
